## Eurasier Club of Canada – Code of Ethics

In order to achieve the goals and objectives of the Eurasier Club of Canada, its members agree to adhere to the following principles:

1. All members of the Eurasier Club will comply with the By-laws, rules and regulations established by the Club Executive, and the Canadian Kennel Club.
2. Members who own or breed Eurasiers must take care of their Eurasiers in an appropriate manner. This includes, but is not limited to:
  - a) Providing a home for the Eurasier indoors with the family - not chaining outside or kenneling it separately, nor allowing it to roam at large.
  - b) Ensuring the Eurasier receives adequate, nutritious food (as recommended by the breeder); clean water and exercise; training and ongoing socialization;
  - c) and the affection and mental stimulation required for healthy development;
  - d) Regular & proper grooming - caring for coat, nails etc.
  - e) Ensuring the Eurasier receives annual physical exam, vaccinations and boosters as required.
3. Members who own or breed Eurasiers must have the approval of the club before allowing their Eurasier to participate in activities that could be construed as exploitation for profit, such as television or motion picture productions.
4. All members of the Eurasier Club of Canada will endeavour to enhance the role of the Eurasier as an essential member of its communities as a companion, teacher, guardian, and best friend.
5. In order to educate people about the Eurasier, the Eurasier Club of Canada supports and encourages participation in shows, trials and other events. All members who choose to take part in these activities, shall do so with honesty, fairness and integrity, ever mindful of the practice of “good sportsmanship”.
6. All members of the Eurasier Club of Canada will undertake the task of educating and encouraging any newcomers to the world of the Eurasier, no matter their interest: pet-owner, enthusiast or breeder.
